INSTRUCTIONS: Please see sample provided.

PHYSICIAN IDENTIFICATION CODE: This is the code used for the induced termination of pregnancy reporting system. Each physician must have his/her own identification number. For this identification number, it is preferable to continue to use the facility's identification number with the physician being coded with a letter after the number. For example: Facility X's identification number is 23571. Dr. Jones at facility X's identification number would be 23571A. Other physicians' identification numbers would follow with increasing the alphabet--23571B, C etc. For those facilities that do not have a facility/physician identification number, please contact the Office of Health Care Information at the number listed above.

DATE REPORTED: Please put in a two-digit number for the month (01-12), a two digit number for the day (01-31) and the four digit year (1999) in which the report is being completed.

NUMBER OF CERTIFICATIONS RECEIVED: Please put the number of certifications performed corresponding to the appropriate month.

ACCORDING TO KSA 65-6709 (SUPP. 1997) THIS FORM NEEDS TO BE FILED MONTHLY WITH THE KANSAS DEPARTMENT OF HEALTH AND ENVIRONMENT AT THE ADDRESS LISTED ABOVE.

65-443. Termination of human pregnancy; performance or participation in medical procedures not required. No person shall be required to perform or participate in medical procedures which result in the termination of a pregnancy, and the refusal of any person to perform or participate in those medical procedures shall not be a basis for civil liability to any person. No hospital, hospital administrator or governing board of any hospital shall terminate the employment of, prevent or impair the practice or occupation of or impose any other sanction on any person because of such person's refusal to perform or participate in the termination of any human pregnancy.

History: L. 1969, ch. 182, § 1; L. 1975, ch. 313, § 1; July 1.

65-445. Same; records; annual report to secretary of health and environment; confidentiality of information; exceptions; penalties for violations. (a) Every medical care facility shall keep written records of all pregnancies which are lawfully terminated within such medical care facility and shall annually submit a written report thereon to the secretary of health and environment in the manner and form prescribed by the secretary. Every person licensed to practice medicine and surgery shall keep a record of all pregnancies which are lawfully terminated by such person in a location other than a medical care facility and shall annually submit a written report thereon to the secretary of health and environment in the manner and form prescribed by the secretary.

(b) Each report required by this section shall include the number of pregnancies terminated during the period of time covered by the report, the type of medical facility in which the pregnancy was terminated, information required to be reported under K.S.A. 65-6703 and amendments thereto if applicable to the pregnancy terminated, and such other information as may be required by the secretary of health and environment, but the report shall not include the names of the persons whose pregnancies were so terminated.

(c) Information obtained by the secretary of health and environment under this section shall be confidential and shall not be disclosed in a manner that would reveal the identity of any person licensed to practice medicine and surgery who submits a report to the secretary under this section or the identity of any medical care facility which submits a report to the secretary under this section, except that such information, including information identifying such persons and facilities may be disclosed to the state board of healing arts upon request of the board for disciplinary action conducted by the board and may be disclosed to the attorney general upon a showing that a reasonable cause exists to believe that a violation of this act has occurred. Any information disclosed to the state board of healing arts or the attorney

general pursuant to this subsection shall be used solely for the purposes of a disciplinary action or criminal proceeding. Except as otherwise provided in this subsection, information obtained by the secretary under this section may be used only for statistical purposes and such information shall not be released in a manner which would identify any county or other area of this state in which the termination of the pregnancy occurred. A violation of this subsection (c) is a class A nonperson misdemeanor.

(d) In addition to such criminal penalty under subsection (c), any person licensed to practice medicine and surgery or medical care facility whose identity is revealed in violation of this section may bring a civil action against the responsible person or persons for any damages to the person licensed to practice medicine and surgery or medical care facility caused by such violation.

(e) For the purpose of maintaining confidentiality as provided by subsections (c) and (d), reports of terminations of pregnancies required by this section shall identify the person or facility submitting such reports only by confidential code number assigned by the secretary of health and environment to such person or facility and the department of health and environment shall maintain such reports only by such number.

CASE ANNOTATIONS

1. Whether trial court erred by construing 65-6705 more restrictively than legislature intended examined; judicial procedure discussed. In re Doe, 19 K.A.2d 204, 209, 866 P.2d 1069 (1994).

65-6702. Drugs or devices for birth control or fertilization lawful; political subdivisions prohibited from limiting abortion. (a) The use of any drug or device that inhibits or prevents ovulation, fertilization or implantation of an embryo and disposition of the product of *in vitro* fertilization prior to implantation are lawful in this state and neither the state nor any political subdivision of the state shall prohibit the use of any such drug or device or the disposition of such product.

(b) No political subdivision of the state shall regulate or restrict abortion.

History: L. 1992, ch. 183, § 2; July 1.

65-6703. Abortion prohibited when fetus viable, exceptions; determination of age of fetus; determination of viability; reports; retention of medical records; viable, defined; criminal penalties. (a) No person shall perform or induce an abortion when the fetus is viable unless such person is a physician and has a documented referral from another physician not legally or financially affiliated with the physician performing or inducing the abortion and both physicians determine that: (1) The abortion is necessary to preserve the life of the pregnant woman; or (2) a continuation of the pregnancy will cause a substantial and irreversible impairment of a major bodily function of the pregnant woman.

(b) (1) Except in the case of a medical emergency, prior to performing an abortion upon a woman, the physician shall determine the gestational age of the fetus according to accepted obstetrical and neonatal practice and standards applied by physicians in the same or similar circumstances. If the physician determines the gestational age is less than 22 weeks, the physician shall document as part of the medical records of the woman the basis for the determination.

(2) If the physician determines the gestational age of the fetus is 22 or more weeks, prior to performing an abortion upon the woman the physician shall determine if the fetus is viable by using and exercising that degree of care, skill and proficiency commonly exercised by the ordinary skillful, careful and prudent physician in the same or similar circumstances. In making this determination of viability, the physician shall perform or cause to be performed such medical examinations and tests as are necessary to make a finding of the gestational age of the fetus and shall enter such findings and determinations of viability in the medical record of the woman.

(3) If the physician determines the gestational age of a fetus is 22 or more weeks, and determines that the fetus is not viable and performs an abortion on the woman, the physician shall report such determinations and the reasons for such determinations in writing to the medical care facility in which the abortion is performed for inclusion in the report of the medical care facility to the secretary of health and environment under K.S.A. 65-445 and amendments thereto or if the abortion is not performed in a medical care facility, the physician shall report such determinations and the reasons for such determinations in writing to the secretary of health and environment as part of the written report made by the physician to the secretary of health and environment under K.S.A. 65-445 and amendments thereto.

(4) If the physician who is to perform the abortion determines the gestational age of a fetus is 22 or more weeks, and determines that the fetus is viable, both physicians under subsection (a) determine in accordance with the provisions of subsection (a) that an abortion is necessary to preserve the life of the pregnant woman or that a continuation of the pregnancy will cause a substantial and irreversible impairment of a major bodily function of the pregnant woman and the physician performs an abortion on the woman, the physician who performs the abortion shall report such determinations, the reasons for such determinations and the basis for the determination that an abortion is necessary to preserve the life of the pregnant woman or that a continuation of the pregnancy will cause a substantial and irreversible impairment of a major bodily function of the pregnant woman in writing to the medical care facility in which the abortion is performed for inclusion in the report of the medical care facility to the secretary of health and environment under K.S.A. 65-445 and amendments thereto or if the abortion is not performed in a medical care facility, the physician who performs the abortion shall report such determinations, the reasons for such determinations and the basis for the determination that an abortion is necessary to preserve the life of the pregnant woman or that a continuation of the pregnancy will cause a substantial and irreversible impairment of a major bodily function of the pregnant woman in writing to the secretary of health and environment as part of the written report made by the physician to the secretary of health and environment under K.S.A. 65-445 and amendments thereto.

(5) The physician shall retain the medical records required to be kept under paragraphs (1) and (2) of this subsection (b) for not less than five years and shall retain a copy of the written reports required under paragraphs (3) and (4) of this subsection (b) for not less than five years.

(c) A woman upon whom an abortion is performed shall not be prosecuted under this section for a conspiracy to violate this section pursuant to K.S.A. 21-3302, and amendments thereto.

(d) Nothing in this section shall be construed to create a right to an abortion. Notwithstanding any provision of this section, a person shall not perform an abortion that is prohibited by law.

(e) As used in this section, "viable" means that stage of fetal development when it is the physician's judgment according to accepted obstetrical or neonatal standards of care and practice applied by physicians in the same or similar circumstances that there is a reasonable probability that the life of the child can be continued indefinitely outside the mother's womb with natural or artificial life-supportive measures.

(f) If any provision of this section is held to be invalid or unconstitutional, it shall be conclusively presumed that the legislature would have enacted the remainder of this section without such invalid or unconstitutional provision.

(g) Upon a first conviction of a violation of this section, a person shall be guilty of a class A non-person misdemeanor. Upon a second or subsequent conviction of a violation of this section, a person shall be guilty of a severity level 10, non-person felony.

History: L. 1992, ch. 183, § 3; L. 1993, ch. 291, § 240; L. 1998, ch. 142, § 15; July 1.

Attorney General's Opinions:

Abortion of viable fetus; mental health exception. 2000-20.

65-6704. Abortion upon minor; required information and counseling. (a) Before the performance of an abortion upon a minor, a counselor shall provide pregnancy information and counseling in a manner that can be understood by the minor and allows opportunity for the minor's questions to be addressed. A parent or guardian, or a person 21 or more years of age who is not associated with the abortion provider and who has a personal interest in the minor's well-being, shall accompany the minor and be involved in the minor's decision-making process regarding whether to have an abortion. Such information and counseling shall include:

(1) The alternatives available to the minor, including abortion, adoption and other alternatives to abortion;

(2) an explanation that the minor may change a decision to have an abortion at any time before the abortion is performed or may decide to have an abortion at any time while an abortion may be legally performed;

(3) make available to the minor information on agencies available to assist the minor and agencies from which birth control information is available;

(4) discussion of the possibility of involving the minor's parent or parents, other adult family members or guardian in the minor's decision-making; and

(5) information regarding the provisions of K.S.A. 65-6705 and the minor's rights under such provisions.

(b) After the performance of an abortion on a minor, a counselor shall provide counseling to assist the minor in adjusting to any post-abortion problems that the minor may have.

(c) After the counselor provides information and counseling to a minor as required by this section, the counselor shall have the minor sign and date a statement setting forth the requirements of subsections (a) and (b) and declaring that the minor has received information and counseling in accordance with those requirements.

(d) The counselor shall also sign and date the statement and shall include the counselor's business address and business telephone number. The counselor shall keep a copy for the minor's medical record and shall give the form to the minor or, if the minor requests and if the counselor is not the attending physician, transmit the statement to the minor's attending physician. Such medical record shall be maintained as otherwise provided by law.

(e) The provision by a counselor of written materials which contain information and counseling meeting the requirements of subsections (a) and (b) and which is signed by the minor shall be presumed to be evidence of compliance with the requirements of this section.

(f) The requirements of subsection (a) shall not apply when, in the best medical judgment of the attending physician based on the facts of the case, an emergency exists that threatens the health, safety or well-being of the minor as to require an abortion. A physician who does not comply with the requirements of this section by reason of this exception shall state in the medical record of the abortion the medical indications on which the physician's judgment was based.

History: L. 1992, ch. 183, § 4; July 1.

CASE ANNOTATIONS

1. Whether trial court erred by construing 65-6705 more restrictively than legislature intended examined; judicial procedure discussed. *In re Doe*, 19 K.A.2d 204, 206, 210, 866 P.2d 1069 (1994).

65-6705. Same; notice to certain persons required before performance of abortion; waiver of notice; court proceedings; penalties. (a) Before a person performs an abortion upon an unemancipated minor, the person or the person's agent must give actual notice of the intent to perform such abortion to one of the minor's parents or the minor's legal guardian or must have written documentation that such notice has been given unless, after receiving counseling as provided by subsection (a) of K.S.A. 65-6704, the minor objects to such notice being given. If the minor so objects, the minor may petition, on her own behalf or by an adult of her choice, the district court of any county of this state for a waiver of the notice requirement of this subsection. If the minor so desires, the counselor who counseled the minor as required by K.S.A. 65-6704 shall notify the court and the court shall ensure that the minor or the adult petitioning on the minor's behalf is given assistance in preparing and filing the application.

(b) The minor may participate in proceedings in the court on the minor's own behalf or through the adult petitioning on the minor's behalf. The court shall provide a court-appointed counsel to represent the minor at no cost to the minor.

(c) Court proceedings under this section shall be anonymous and the court shall ensure that the minor's identity is kept confidential. The court shall order that a confidential record of the evidence in the proceeding be maintained. All persons shall be excluded from hearings under this section except the minor, her attorney and such other persons whose presence is specifically requested by the applicant or her attorney.

(d) Notice shall be waived if the court finds by a preponderance of the evidence that either: (1) The minor is mature and well-informed enough to make the abortion decision on her own; or (2) notification of a person specified in subsection (a) would not be in the best interest of the minor.

(e) A court that conducts proceedings under this section shall issue written and specific factual findings and legal conclusions supporting its decision as follows:

(1) Granting the minor's application for waiver of notice pursuant to this section, if the court finds that the minor is mature and well-enough informed to make the abortion decision without notice to a person specified in subsection (a);

(2) granting the minor's application for waiver if the court finds that the minor is immature but that notification of a person specified in subsection (a) would not be in the minor's best interest; or

(3) denying the application if the court finds that the minor is immature and that waiver of notification of a person specified in subsection (a) would not be in the minor's best interest.

(f) The court shall give proceedings under this section such precedence over other pending matters as necessary to ensure that the court may reach a decision promptly. The court shall issue a written order which shall be issued immediately to the minor, or her attorney or other individual designated by the minor to receive the order. If the court fails to rule within 48 hours, excluding Saturdays and Sundays, of the time of the filing of the minor's application, the application shall be deemed granted.

(g) An expedited anonymous appeal shall be available to any minor. The record on appeal shall be completed and the appeal shall be perfected within five days from the filing of the notice to appeal.

(h) The supreme court shall promulgate any rules it finds are necessary to ensure that proceedings under this act are handled in an expeditious and anonymous manner.

(i) No fees shall be required of any minor who avails herself of the procedures provided by this section.

(j) (1) No notice shall be required under this section if:

(A) The pregnant minor declares that the father of the fetus is one of the persons to whom notice may be given under this section;

(B) in the best medical judgment of the attending physician based on the facts of the case, an emergency exists that threatens the health, safety or well-being of the minor as to require an abortion; or

(C) the person or persons who are entitled to notice have signed a written, notarized waiver of notice which is placed in the minor's medical record.

(2) A physician who does not comply with the provisions of this section by reason of the exception of subsection (j)(1)(A) must inform the minor that the physician is required by law to report the sexual abuse to the department of social and rehabilitation services. A physician who does not comply with the requirements of this section by reason of the exception of subsection (j)(1)(B) shall state in the medical record of the abortion the medical indications on which the physician's judgment was based.

(k) Any person who intentionally performs an abortion with knowledge that, or with reckless disregard as to whether, the person upon whom the abortion is to be performed is an unemancipated minor, and who intentionally and knowingly fails to conform to any requirement of this section, is guilty of a class A person misdemeanor.

(l) Except as necessary for the conduct of a proceeding pursuant to this section, it is a class B person misdemeanor for any individual or entity to willfully or knowingly: (1) Disclose the identity of a minor petitioning the court pursuant to this section or to disclose any court record relating to such proceeding; or (2) permit or encourage disclosure of such minor's identity or such record.

(2) a description of the proposed abortion method;

(3) a description of risks related to the proposed abortion method, including risks to the woman's reproductive health and alternatives to the abortion that a reasonable patient would consider material to the decision of whether or not to undergo the abortion;

(4) the probable gestational age of the fetus at the time the abortion is to be performed and that Kansas law requires the following: "No person shall perform or induce an abortion when the fetus is viable unless such person is a physician and has a documented referral from another physician not financially associated with the physician performing or inducing the abortion and both physicians determine that: (1) The abortion is necessary to preserve the life of the pregnant woman; or (2) the fetus is affected by a severe or life-threatening deformity or abnormality."[*] If the child is born alive, the attending physician has the legal obligation to take all reasonable steps necessary to maintain the life and health of the child;

(5) the probable anatomical and physiological characteristics of the fetus at the time the abortion is to be performed;

(6) the medical risks associated with carrying a fetus to term; and

(7) any need for anti-Rh immune globulin therapy, if she is Rh negative, the likely consequences of refusing such therapy and the cost of the therapy.

(b) At least 24 hours before the abortion, the physician who is to perform the abortion, the referring physician or a qualified person has informed the woman in writing that:

(1) Medical assistance benefits may be available for prenatal care, childbirth and neonatal care, and that more detailed information on the availability of such assistance is contained in the printed materials given to her and described in K.S.A. 65-6710 and amendments thereto;

(2) the printed materials in K.S.A. 65-6710 and amendments thereto describe the fetus and list agencies which offer alternatives to abortion with a special section listing adoption services;

(3) the father of the fetus is liable to assist in the support of her child, even in instances where he has offered to pay for the abortion except that in the case of rape this information may be omitted; and

(4) the woman is free to withhold or withdraw her consent to the abortion at any time prior to invasion of the uterus without affecting her right to future care or treatment and without the loss of any state or federally-funded benefits to which she might otherwise be entitled.

(c) Prior to the abortion procedure, prior to physical preparation for the abortion and prior to the administration of medication for the abortion, the woman shall meet privately with the physician who is to perform the abortion and such person's staff to ensure that she has an adequate opportunity to ask questions of and obtain information from the physician concerning the abortion.

(d) At least 24 hours before the abortion, the woman is given a copy of the printed materials described in K.S.A. 65-6710 and amendments thereto. If the woman asks questions concerning any of the information or materials, answers shall be provided to her in her own language.

(e) The woman certifies in writing on a form provided by the department, prior to the abortion, that the information required to be provided under subsections (a), (b) and (d) has been provided and that she has met with the physician who is to perform the abortion on an individual basis as provided under subsection (c). All physicians who perform abortions shall report the total number of certifications received monthly to the department. The department shall make the number of certifications received available on an annual basis.

(f) Prior to the performance of the abortion, the physician who is to perform the abortion or the physician's agent receives a copy of the written certification prescribed by subsection (e) of this section.

(g) The woman is not required to pay any amount for the abortion procedure until the 24-hour waiting period has expired.

* Source of the quoted provision in subsection (a)(4) is K.S.A. 1997 Supp. 65-6703 prior to amendment by L. 1998, ch. 142, § 15. For the current requirement of Kansas law, see K.S.A. 2001 Supp. 65-6703.

65-6710. Same; printed materials to be published and distributed by the department of health and environment; materials to be available at no cost. (a) The department shall cause to be published and distributed widely, within 30 days after the effective date of this act, and shall update on an annual basis, the following easily comprehensible printed materials:

(1) Geographically indexed materials designed to inform the woman of public and private agencies and services available to assist a woman through pregnancy, upon childbirth and while her child is dependent, including but not limited to, adoption agencies. The materials shall include a comprehensive list of the agencies, a description of the services they offer and the telephone numbers and addresses of the agencies; and inform the woman about available medical assistance benefits for prenatal care, childbirth and neonatal care and about the support obligations of the father of a child who is born alive. The department shall ensure that the materials described in this section are comprehensive and do not directly or indirectly promote, exclude or discourage the use of any agency or service described in this section. The materials shall also contain a toll-free 24-hour a day telephone number which may be called to obtain, orally, such a list and description of agencies in the locality of the caller and of the services they offer. The materials shall state that it is unlawful for any individual to coerce a woman to undergo an abortion, that any physician who performs an abortion upon a woman without her informed consent may be liable to her for damages. Kansas law permits adoptive parents to pay costs of prenatal care, childbirth and neonatal care. The materials shall include the following statement:

"Many public and private agencies exist to provide counseling and information on available services. You are strongly urged to seek their assistance to obtain guidance during your pregnancy. In addition, you are encouraged to seek information on abortion services, alternatives to abortion, including adoption, and resources available to post-partum mothers. The law requires that your physician or the physician's agent provide the enclosed information."

(2) Materials that inform the pregnant woman of the probable anatomical and physiological characteristics of the fetus at two-week gestational increments from fertilization to full term, including pictures or drawings representing the development of a fetus at two-week gestational increments, and any relevant information on the possibility of the fetus' survival. Any such pictures or drawings shall contain the dimensions of the fetus and shall be realistic. The materials shall be objective, nonjudgmental and designed to convey only accurate scientific information about the fetus at the various gestational ages. The material shall also contain objective information describing the methods of abortion procedures commonly employed, the medical risks commonly associated with each such procedure and the medical risks associated with carrying a fetus to term.

(3) A certification form to be used by physicians or their agents under subsection (e) of K.S.A. 65-6709 and amendments thereto, which will list all the items of information which are to be given to women by physicians or their agents under the woman's-right-to-know act.

(b) The materials required under this section shall be printed in a typeface large enough to be clearly legible. The materials shall be made available in both English and Spanish language versions.

(c) The materials required under this section shall be available at no cost from the department upon request and in appropriate number to any person, facility or hospital.

(a) "Medical services waste" means those solid waste materials that are potentially capable of causing disease or injury and are generated in connection with human or animal care through inpatient and outpatient services. Medical services waste shall not include any solid waste that has been classified by the secretary as a hazardous waste under K.S.A. 1996 Supp. 65-3431 and any amendments thereto, or that is radioactive treatment material licensed under K.S.A. 48-1607 and regulations adopted under that statute.

(b) Segregation. All medical services waste shall be segregated from other solid wastes at the point of origin.

Hypodermic needles and syringes, scalpel blades, suture needles, or other sharp objects shall be stored only in a rigid, puncture-resistant container that has been closed to prevent the escape of any material, including liquids or aerosols. All reusable containers used to store infectious waste shall be cleaned and disinfected before each use.

(2) grinding, melting, or pulverizing sharp objects to destroy the injury-producing potential.

(g) Disposal. Medical services waste shall be disposed of in a manner that minimizes the risk to health, safety, or the environment. The following shall be considered acceptable disposal methods:

(1) Discharge of liquids to a sanitary sewer connected to a secondary sewage treatment plant;

(2) incineration of combustible solids, followed by disposal of the ash in a sanitary landfill;

(3) disposal in a hazardous waste disposal facility that has a permit issued under K.A.R. 28-31-9; or
